COMMUNITY HELPERS

Competency: Adopt pro social behaviours. Respect the feelings and rights of others and respect the various professions that help in the community. Activity: Helper of my community
Objectives:
←To increase perceptual power.
← To identify various helpers in the community.
Materials: Community Helper Flashcards.
Method: Introduce children to the roles of people in different professions who help us in the community. Eg: doctor, police, teacher To know if the children have seen such people in the community. All these prompt us to discuss how they help us in our lives. Tell children to mime their roles. If one child plays a role, ask the rest to guess and identify whose role it is.
