Mesopotamia – The Cradle of Civilization

wheel		gatnered livestock		prehistoric
Mesopota	mia is belie	ved to be the first		
human se	ttlement. B	efore now, people	were described	as
		which means t	hey moved from	place to place. Thes
people we	ere called _		beca	ause their history wa
not written down. They			and	
their food				
Mes	opotamia n	neans 'the land bet	ween 2 rivers'. T	his area of the world
was called	I the	c	rescent. The peo	ple in Mesopotamia
were the f	first people	to domesticate		_, grow
		_ , build		
Their mos	t important	contribution to th	e world today is	the invention of the
List 2 reas	ons why th	e wheel would be i	mportant to soc	iety (then and now):
THEN				
TODAY
