

Reading Passage

On the Farm

Every Saturday morning, Emma wakes up very early to help her uncle on his farm. First, she goes to the chicken house to feed the chickens. They make loud noises when they see her because they are hungry. After that, Emma carries a big bucket of water to the field where the cows are waiting. Sometimes she collects eggs from the chicken house, but not every week. Emma enjoys working on the farm because she loves animals. She thinks farm work is fun but also hard, because she must wake up before the sun rises. Emma dreams that one day she will have her own farm with horses, sheep, and many dogs.
