LIVEWORKSHEETS

3. Write about a day at the farm.

Hi, my name's John. I have a day at the farm with my family. The farm is big and beautiful. In the morning, I feed the chickens and water plants. In the afternoon, I play with a small dog and walk around the farm. I see many trees and flowers. I like the farm because it is quiet and clean. I feel happy there. How about your day at the farm? What animals or things can you see? What do you do? Do you like the farm? Why?
