**PART F. READING COMPREHENSION**

**Read the passage.**

Last Saturday, my family and I went to the cinema to watch a new animated movie called **The Magic Adventure**. It is one of the most popular animated movies this month. Many students in my school are talking about it because the story is exciting and the characters are very funny.

The movie is about a brave boy named Leo. He travels through magical worlds to save his best friend. During his journey, he meets many strange animals, solves difficult puzzles, and learns that friendship is more important than magic. The animation is beautiful, and the music is amazing. My younger sister laughed a lot because the funny animals made her happy.

Last weekend, we watched the movie together and took many photos after the film ended. We also ate popcorn and ice cream. It was one of the best weekends this year.

Now, my classmates are discussing the movie in our English class. Some students are drawing their favourite characters, while others are writing short reviews about the movie.

Next Friday, our English teacher will organize a "Movie Day". We will watch short movie clips, play vocabulary games, and talk about our favourite characters in English. I think it will be more exciting than a normal English lesson because everyone enjoys watching animated movies.
