AI Prompt

I have completed Lesson 1.

Please review my five sentences.

For each sentence:

1. Correct any grammar mistakes.
2. Suggest a more natural version if appropriate.
3. Explain the correction briefly.
4. Give me a score from 1 to 10 for grammar, vocabulary and naturalness.

After reviewing all five sentences, ask me five follow-up speaking questions about my daily routine, one question at a time.

Wait until I have pasted all five sentences before beginning the evaluation.
