

A review of last week's TV

1 Read the TV review.

The Big Match. *ITV 2, Wednesday*

This was an important football game against Germany but we didn't play well. Germany scored in the first minute and they played well. The English team attacked but they didn't score a goal. The second half was very **boring**. I didn't like the result of the game!

Spider-Man 2. *Channel 5, Friday*

In this movie, Spider-Man had a new enemy – Doctor Octopus. The movie did not have a very good story but the acting was good. Tobey Maguire and Kirsten Dunst were great and the fight scenes were amazing.

Pop Idol. *ITV 1, Saturday*

Twelve million people watched this **exciting** final. I liked Mark but he didn't win. Michelle got ten million votes and won the competition.

Dinosaurs. *Wildlife 1, Sunday*

The last programme in this **interesting** series was about the extinction of dinosaurs. Some scientists think that dinosaurs died because they didn't have any food after the climate changed.

2 Complete the table with –ing adjectives from the text.

| | |
|------------|----------------|
| amazed | amazing |
| bored | |
| excited | |
| interested | |

I was bored during the English lesson. The lesson was very boring.

3 Complete the sentences in the table in the Past Simple (with *win, won, play* or *played*).

| Affirmative | Negative |
|-----------------------------------|---------------------------------------|
| Michelle 1 _____ the competition. | Mark did not 2 _____ the competition. |
| They 3 _____ well. | We didn't 4 _____ well. |

4 Find 3 more examples of Past Simple negative sentences in the text.

1 _____

2 _____

3 _____

5 Look over the text again. Are these sentences true (T) or false (F).

1 England scored against Germany. F

2 Germany played well.

3 The reviewer liked the game.

4 *Spider-Man 2* had a great story.

5 Spider-Man had a new enemy.

6 Mark won the competition.

7 Michelle got nine million votes.

8 The reviewer watched *Dinosaurs* on Monday.

6 Correct the false sentences from Exercise 5 (write them like Past Simple negatives).
