

Unit 1

Unit Opener **Extend** Worksheet 2.1.1

1 **Work in pairs.** Read and discuss.

Click, swipe, click! You take a photo and instantly share it with friends. Smartphones with digital cameras make it easy to do. Do you want to give your photo a different look? Maybe something old-fashioned? No problem! One simple swipe and it's done. A colour photo changes to a black-and-white photo in the blink of an eye. How do the colours in a photo affect the way you feel about the photo? Do people and objects in a photo without colour look different from real life? Do colours help us see the world in different ways?

2 **What kinds of events are colourful?** Tick ✓.

- a parade
- a fireworks display
- a flower show
- a sandcastle competition
- a hot-air balloon festival

3 Think about some colourful celebrations that you have been at or that you know of.

Choose examples from the box or use your own examples. Rank six celebrations in order of how colourful they are (1 = most colourful). Compare your list with a partner's.

sports competition	birthday party	wedding	kite festival
holiday gathering	family reunion	New Year celebration	street fair

- most colourful 1. _____
 2. _____
 3. _____
 4. _____
 5. _____
- least colourful 6. _____

4 Think about a colourful event you were at or a photo you've seen of a colourful event.

Write about it. What colours did you see? How did the colours make you feel?
