

Read the email from your friend, Daniel.

Hi,

My examination is next week, but I cannot decide the best way to prepare for it. Should I make a study timetable, do more practice exercises, or study with my friends?

What do you think?

Dear Daniel,

Rayyan

Next, complete practice exercises and ask your teachers if you have any questions.

I am so glad to hear from you.

I think you should prepare a study timetable before your examination.

This is because, revise your lessons every day to understand the topics better.

Moreover, you should also get enough sleep and eat healthy food before the examination.

Your friend,
