- 6. What is the woman's reaction after the man says he has been water-skiing?**
 - A. She says it sounds dangerous.
 - B. She says it sounds fun.
 - C. She wants to try it immediately.
 - D. She says she doesn't like water sports.

Listening 3

Listen to the conversation and decide whether each statement is True (T) or False (F).

7. The man thinks the woman looks healthy.
8. The woman's sore throat has not gotten better even after taking an aspirin and drinking a lot of water.
9. The man suggests that the woman stay at home and get some sleep.
10. At the end of the conversation, the man hopes the woman will feel better soon.

II READING

Reading 1

Read the text below.

Exercise daily! Your body is much like a machine and it needs to move! Exercise improves your cardiovascular fitness, your muscle tone, and definition, and keeps your joints and bones strong.

Exercise is also one of the best ways to clear stress and any mental/emotional stagnation. Choose activities that raise your heart rate and lung capacity even if this is just a brisk 20-minute walk. Walking is actually a great way of staying active daily, and maintaining some kind of formal exercise at least 3 times a week is optimum for your overall health and well-being.

Write **True** if the sentence is correct based on the text, and write **False** if the sentence is wrong.

1. Exercise only helps your physical body, but it is bad for your emotions.
2. You should try to do formal exercise at least three times a week.
3. We need to choose activities that make our heart and lungs work harder.
4. Exercise is good for improving your muscle tone.
5. The text suggests that we should rest all day and avoid moving.

Reading 2

Read the text carefully

Sleep Like a Baby!

Sleep like a baby! The quality and quantity of sleep are very important to your health and wellbeing because as you sleep your body regenerates. Ideally, most adults should aim for at least 6-8 hours good quality sleep each night. The best way to ensure a good night's sleep is to effectively start winding down as the evening progresses, try to avoid using any mobile devices, turn your computer off, avoid any heavy/rich foods and caffeine after 6pm; reading a book or listening to calming music often helps your body wind down in preparation, herbal teas like chamomile (or teas with a calming effect) are also beneficial.

Choose the best answer (A, B, C, or D) for each question.

1. What time should you stop eating heavy foods and drinking caffeine?
 - A. After 12:00 PM
 - B. After 4:00 PM
 - C. After 6:00 PM
 - D. After 8:00 PM

2. What kind of music is good to listen to before sleeping?
 - A. Calming music
 - B. Rock music
 - C. Loud music
 - D. Pop music

3. Which of these activities can help your body wind down and prepare for sleep?
 - A. Playing video games
 - B. Reading a book
 - C. Drinking a cup of coffee
 - D. Eating heavy foods

4. What kind of tea does the text suggest we drink before bed?

- A. Black tea
- B. Green tea
- C. Chamomile tea
- D. Sweet iced tea

5. Why are teas like chamomile beneficial before sleeping?

- A. They make you feel very energetic
- B. They are heavy and rich
- C. They have a lot of caffeine
- D. They have a calming effect
