

Magic Book 2

Let's talk about seasons!

Match

1. It's summer.

It's freezing cold and it's snowing.

2. It's spring.

The sun is shining and it is hot.

3. It's autumn.

There are flowers in the garden and it's nice and warm.

4. It's winter.

The leaves fall off the trees.

Why?

1. I like spring ...

... because I love to play with the snow. We also celebrate Christmas.

2. I like summer ...

... because the trees change colour and I go back to school.

3. I like winter ...

... because flowers start blooming and it gets warm.

4. I like autumn ...

... because it is sunny and I go to the sea.

Now, it is your turn! Write which season you like the most and why ...
