

Ruth's Daily Routine

Ruth is twelve years old and lives near her school. On weekdays, she wakes up at 6:15 a.m. First, she opens the curtains and makes her bed. Then, she washes her face and brushes her teeth. At 6:40, she puts on her school uniform. She usually has cereal, a banana, and milk for breakfast. Before leaving home, Emma checks her backpack and fills her water bottle. At 7:20, she walks to school with her older brother. Classes start at 7:45. Emma likes her morning routine because it helps her arrive calm and on time.
