

SESSION 3

Exercise 1: Reading .

An Unforgettable Trip to Canada

Last summer, my family and I traveled to Canada for two weeks. We wanted to explore nature, visit famous cities, and experience a different culture. It was my first time visiting this beautiful country, and I was very excited from the beginning.

When we arrived in Vancouver, the weather was perfect. We were walking through Stanley Park while people were riding bicycles and having picnics. The city looked clean, peaceful, and full of friendly people enjoying the outdoors.

One morning, we were hiking in the mountains when we saw a black bear in the distance. Everyone stopped walking immediately. Fortunately, the bear stayed far away and slowly disappeared into the forest without causing any danger.

A few days later, we visited Niagara Falls. While we were taking pictures, it suddenly started to rain. We got completely wet, but we continued laughing because the view was absolutely amazing and unforgettable.

During the trip, we also tried traditional Canadian food. I tasted maple syrup with pancakes for the first time, and it was delicious. We met teenagers from different countries, and we spent hours talking about music, sports, and school life.

At the end of our vacation, I realized that traveling is one of the best ways to learn about the world. I returned home with wonderful memories, new friends, and the motivation to keep practicing English for future adventures.
