1. When was the first time you traveled by airplane?
2. Do you recognize the people in the photos below?

CD 2, TR 02

**Read the following textbook article. Pay special attention to the past-tense forms of *be*.**

Charles Lindbergh,  
1902–1974

He became famous because he **was** the first person to fly alone across the Atlantic Ocean. His plane **was** in the air for 33 hours. The distance of the flight **was** 3,600 miles. There **were** thousands of people in New York to welcome him home. He **was** an American hero. He **was** only 25 years old.

Another famous American aviator<sup>5</sup> **was** Amelia Earhart. She **was** the first woman to fly across the Atlantic Ocean alone. She **was** 34 years old. Americans **were** in love with Earhart. In 1937, however, she **was** on a flight around the world when her plane disappeared somewhere in the Pacific Ocean. No one really knows what happened to Earhart.

At the beginning of the twentieth century, flight **was** new. It **was** not for everyone. It **was** only for the brave and adventurous. Two adventurers **were** Charles Lindbergh and Amelia Earhart.

Charles Lindbergh loved to fly. He **was** born in 1902, one year before the Wright brothers' historic flight. In 1927, a man offered a \$25,000 reward for the first person to fly from New York to Paris nonstop. Lindbergh **was** a pilot for the United States Mail Service at that time. He wanted to win the prize.

Amelia Earhart,  
1897–1937

<sup>5</sup>Aviator means pilot.
