Swimmers at Blue Lake

**Jon**

I went swimming at Blue Lake with a big group of friends. Everyone said it was 120 metres to the bottom so I was a bit afraid because I'm not a strong swimmer. But we were the only people there, so I decided to go into the lake and it was amazing. There were so many fish! I used my special underwater camera and took wonderful pictures of them. The water felt warm – even in late spring.

Sam

There were quite a few swimmers at the lake when I was there, but it's big – 300 metres across – so it didn't matter. And I found I could see really well when I was swimming under the water – it wasn't dirty, like many lakes. There were lots of fish with bright colours, but I forgot my camera, sadly. I usually take that with me. Anyway, I only swam for about 20 minutes – it was really cold!

Ben

I couldn't wait to swim in the wonderful blue water of the lake – but it's a long way to the bottom and not very warm, so it could be dangerous if you can't swim well. But for good swimmers, like me, it's great – and there was almost no one around when I was there. The fish were beautiful too, so I'll take some photos next time! Remember to pack some snacks – there isn't a café there.
