

My Stamp Collection

My name is Nam, and my favourite hobby is collecting stamps. I started this hobby two years ago when my uncle gave me some stamps from different countries. Now, I have more than 200 stamps in my collection. Some stamps show famous people, animals, flowers, and beautiful places.

I usually spend about thirty minutes arranging my stamps at the weekend. I put them into different groups and keep them in a large album. Sometimes, I exchange stamps with my classmates. Collecting stamps helps me learn about other countries and cultures. I think it is an interesting and educational hobby.

A. True or False?

1. Nam started collecting stamps two years ago.
2. His father gave him his first stamps.
3. Nam has fewer than 200 stamps.
4. He keeps his stamps in an album.
