

It's been lonely, trying to get your attention from a miles away

And you know me, always overthinking the possibilities

Yeah, we both know, in you and me, there's an ocean

Castaway in a and it's frozen

I'm exposed, can't you see, all I is a little warmth

Without youraround me

Without you on my

Without you on my, I'm sorry

I don't mean to be desperate, or pretend that I'm not torn

But I don't want to let go of thethat keep me warm

Without you I'm just cold

I built a little boat with a sail from the I've been collecting

And I'll hold out for the wind to blow me, take me home the whole way, in
your

And I'm just trying to a little closer

Pull me in, 'cause I'm here and all I is little warmth

And I need a littleand you're my gasoline

Light me up, I'm burning, with all these I feel

I'll always hold this flame for you, but it's naked on the breeze

Some in, don't lock me out, don't cast me out to sea
