3	patio (n)	hiền, sân lát ngoài trời			

B. CLASSWORK

VOCABULARY (10 questions)

I. Choose the correct answer to complete each sentence.

1. The North _____ is at the top of the Earth.
A. degree B. pole C. horizontal D. longitude
2. An angle can be measured in _____.
A. degrees B. poles C. verticals D. continents
3. The two lines never meet because they are _____ each other.
A. horizontal B. vertical C. parallel to D. district
4. A line that goes from top to bottom is _____.
A. latitude B. volcano C. longitude D. vertical
5. A line that goes from left to right is _____.
A. pole B. degree C. horizontal D. vertical

II. Read the text and fill in the blanks.

coordinate	continent	latitude	longitude	volcano
------------	-----------	----------	-----------	---------

GREENLAND ON THE MAP

Greenland is the largest island in the world. It is in the northern part of North America, so North America is the (1) _____ where Greenland is located. Most of Greenland is covered with ice, and only a small number of people live there. The weather is very cold for most of the year.

We can use special lines on a world map to find Greenland. (2) _____ tells us how far north or south a place is from the Equator. Greenland has a high latitude because it is very far north. (3) _____ tells us how far east or west a place is from the Prime Meridian.

Latitude and longitude help us find the exact position of a place. A (4) _____ is a number used to show where a place is on a map. We can use these numbers to find cities, mountains and other places more easily.

A mountain that can produce hot lava, ash and gas is called a (5) _____. Greenland also has an interesting past. There are no active volcanoes in Greenland today, but there were volcanoes in this area millions of years ago. Scientists have found old rocks that show this. Today, Iceland has many active volcanoes and is not far from Greenland.

WRITING PRACTICE

Drafting

TOPIC: AN AMAZING PLACE YOU HAVE VISITED RECENTLY

 Look at the example and organize your writing.

An Amazing Place

Phong Nha Cave

Exact location

Where exactly?

Phong Nha-Ke Bang
National Park

Which area?

Quang Binh Province,
central Vietnam

The trip

When?

last month

With whom?

my family

What I saw

an underground river

enormous limestone
formations

bats hanging from the
cave ceiling

An exciting / frightening experience

What happened?

Our boat entered a dark, narrow part of the cave.

Why was it exciting or frightening?

Several bats suddenly flew above us.

How did I feel?

I felt nervous at first, then excited and amazed.

Proud / inspired

Why did I feel proud?

I overcame my fear of dark places.

Why did I feel inspired?

I discovered how powerful and
beautiful nature can be.

After the trip, what did I want to do?

I wanted to help protect natural places.

An Amazing Place

Exact location

Where exactly?

Which area?

The trip

When?

With whom?

What I saw

What did I see there?

An exciting / frightening experience

What happened?

Why was it exciting or frightening?

How did I feel?

Proud / inspired

Why did I feel proud?

Why did I feel inspired?

After the trip, what did I want to do?

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper has a slight shadow on its right side, suggesting it's resting on a surface.

C. HOMEWORK

VOCABULARY (15 questions)

I. Con cần học thuộc nghĩa của tất cả các từ trong bảng từ vựng và vở ghi (nếu có), đồng thời luyện phát âm theo file nghe nhé! Với những từ dưới đây, con hãy chép vào vở, mỗi từ một dòng để ghi nhớ cách viết: degree, parallel, vertical, horizontal, coordinate, latitude, longitude, measure, divide, distance.

II. Match the words and phrases with their definitions.

1. a smaller area of a city or country
2. a number or pair of numbers that shows a position
3. a group of mountains in the same area
4. a large area of a country with its own local government
5. a mountain that can produce lava, ash and gas

A. mountain range
B. volcano
C. county / province
D. district
E. coordinate

Your answers:

1. ____ 2. ____ 3. ____ 4. ____ 5. ____

III. Fill in the blanks with the correct words / phrases in the box below.

divide ... into	be measured in	the same distance apart	exact location of places	continent
-----------------	----------------	-------------------------	--------------------------	-----------

- Asia is the largest _____ in the world.
- Coordinates can show the _____ on a map.
- We can _____ a map _____ four parts.
- Latitude and longitude can _____ degrees.
- These parallel lines are _____.

IV. Put the words in the correct order to make complete sentences.

- is / A degree / a unit / used to measure / angles and positions / on a map / .
→ _____
- the lines of latitude / parallel to / On a world map, / the Equator / are / .
→ _____
from top to bottom / A vertical line / goes / instead of / from left to right / .
→ _____
that runs across a page or map / A horizontal line / usually goes / from left to right / .
→ _____
- help us find / Latitude and longitude / the exact location of places / on Earth / .
→ _____

KET READING PRACTICE PART 1 (7 questions)

For each question, choose the correct answer.

	Lucy	Mark	Tim
1 Who enjoys cleaning outside in spring?	A	B	C
2 Who gives clothes to a family member?	A	B	C
3 Who gets help from one person when cleaning?	A	B	C
4 Who doesn't like cleaning but enjoys clean areas?	A	B	C
5 Who moves the furniture to clean under it?	A	B	C
6 Who sometimes enjoys food with family outside?	A	B	C
7 Who likes to put flowers in their bedroom?	A	B	C

Spring Cleaning

Lucy

I love spring because everything feels new again. Every year, when the weather gets warmer, I clean my whole room. I start by opening all the windows to let in the fresh air. Then, I take out my clothes and decide which ones I don't wear anymore. I give some to my younger cousin and put the rest in a bag to give to people who need them. After that, I dust the shelves and wash the floors. It takes a long time, but I feel happy when everything is tidy. My parents always say they can see a big difference after I finish. Once everything is clean, I decorate my room with some fresh flowers.

Mark

Spring is my favourite season because I can finally clean the garden. During the winter, everything looks boring, but in spring, I plant new flowers and cut the grass. My dad helps me clean the patio and we put out the garden furniture again. It's nice to sit outside in the sun. I also help inside the house by washing the windows and cleaning the carpets. My mum always says I do a great job! I also like to paint the walls to make the garden look even better. When everything is finished, we sometimes have a family barbecue to enjoy the fresh air.

Tim

I always look forward to spring because my family does a big spring clean together. We start by cleaning the kitchen and throwing away old food from the cupboards. Then, we clean the living room and move the sofa and bookshelf to vacuum under them. I don't enjoy cleaning, but I like the feeling when everything is fresh. My favourite part is choosing new flowers to put in the house. They make every room look colourful and smell amazing! After cleaning, I like to put candles around the house to make it smell even better. My parents always say that a clean home makes everyone feel happier.
