My Future Plans

My name is Daniel. I am 20 years old, and I have many plans for the future.

First, I am going to improve my English because I want to communicate with people from different countries, I am going to practice English every day and watch videos in English.

Next year, I am going to take an English course at language school. I also want to Travel to Costa Rica with my family.

I think it will be an interesting experience.

In the future, I am going to study computer science at university.

I would like to work for an international company.

I think I will have a good job if I study hard and learn new skills.

My biggest goal is to have a successful career and help my family.
