**Leo**

I usually wake up early because I prefer a quiet start to my routine. I use a digital schedule on my laptop to organise all my activities and plans. It is my regular habit to prepare my school bag the night before; I do this to avoid being late in the morning. At the moment, I am arranging a music club meeting for Friday. I manage my time well, so I am rarely busy in the evenings.

**Mia**

My routine is often very busy, so I have to decide what is most important each day. I am continuing my art lessons this year, which is an activity I started long ago. Something interesting happened yesterday; I decided to start a new hobby! At the moment, I'm preparing for a dance show. I prefer finishing my homework as soon as it happens, but I sometimes have to stay up late to get it done.

**Sam**

I have a typical school schedule, but my mornings are rarely quiet. I often plan my day while I'm eating breakfast. Right now, I'm organising my books and papers because I prefer a tidy desk when I work. I usually finish all my chores before I go out with friends. I'm deciding whether to start a new sports club next week. I manage to stay active even when I have a very busy week.

**PART 3****QUESTIONS 14–18**

For each question, choose the correct answer.

**My Busy Month**

*By Elena*

My routine is usually very typical, but this month everything is different. I'm currently organizing a large charity event at my school. Because of this, my regular schedule is much more busy than before. I often wake up early to prepare my notes and emails because I prefer working when the house is quiet and everyone is sleeping.

I usually manage to finish all my homework before dinner, but lately, I'm staying up late to arrange online meetings with other students. We rarely meet during the school day because everyone has different activities like sports or art. I'm finding it difficult to manage my time, but I'm learning how to be more organized.

Something interesting happened last week. I decided to avoid using my phone after 9:00 PM. This new habit helps me focus on my plans for the next day. I am continuing to have my violin lessons every Wednesday, and I am even arranging a small concert for the charity event. It is a lot of work, but I am very happy with how my life is happening right now!
