A Day at the Park

Aina went to the park with her mother last Sunday. The weather was sunny and warm. Aina wore her favourite yellow dress. She also brought a small red ball.

At the park, Aina met her friend, Maya. They played with the ball under a big tree. Then, they went to the playground. Aina played on the slide, while Maya played on the swing.

After playing, the girls felt hungry. They sat on a bench and ate sandwiches and apples. They drank some water too.

Before going home, Aina helped her mother pick up the rubbish. She put the rubbish into a bin. Aina was happy because she had fun and helped to keep the park clean.

A Click the Correct Answer
