

SUBTRACTION BY COUNTING BACK

Year 1 Mathematics • 2-digit – 1-digit • Within 100 • No Regrouping

Name: _____

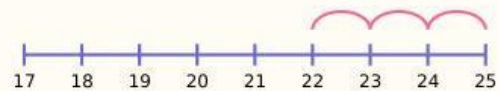

Date: _____

Instructions:
Count back to find the answer. Write or type the answer in the box.

Example
 $46 - 3 = 43$
 $46 \rightarrow 45 \rightarrow 44 \rightarrow 43$

A. Count back on the number line

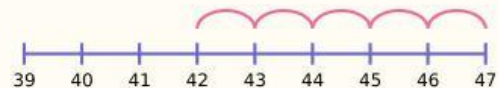

1. $25 - 3 = \square$

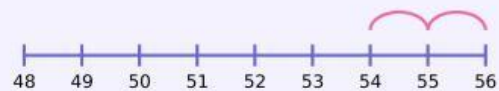

2. $38 - 4 = \square$

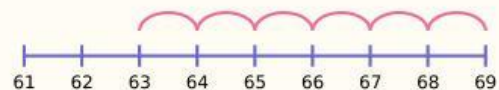

3. $47 - 5 = \square$

4. $56 - 2 = \square$

5. $69 - 6 = \square$

6. $34 - 3 = \square$

B. Find the answer

Count back carefully. Write or type one answer in each box.

7. $78 - 5 =$ 	8. $87 - 4 =$ 	9. $59 - 7 =$
10. $73 - 2 =$ 	11. $48 - 6 =$ 	12. $65 - 4 =$
13. $89 - 7 =$ 	14. $97 - 5 =$ 	15. $76 - 3 =$

□ Challenge: Complete the counting-back jumps.

$$68 - 5$$

68 → ____ → ____ → ____ → ____ → ____

$$68 - 5 = \square$$

□ Great job! Count back one step at a time.
