

MATHS 1 – WORKSHEET #3

❖ SKIP COUNTING

Explanation:

Skip counting means counting numbers by the same amount each time. For example:

2, 4, 6, 8, 10 → counting by 2s.

Instruction: Complete the number patterns. Write the missing numbers.

- 2, 4, _____, 8, _____, 12
- 5, 10, _____, 20, _____, 30
- 10, 20, _____, 40, _____, 60
- 3, 6, _____, 12, _____, 18
- 20, 30, _____, 50, _____, 70
- 4, 8, _____, 16, _____, 24
- 10, _____, 30, _____, 50, _____
- 5, _____, 15, _____, 25, _____
- 2, _____, 6, _____, 10, _____
- 10, 20, _____, _____, 50, 60

❖ ADDITION WITH REGROUPING

Explanation:

When adding, start with the ones. If the ones make 10 or more, regroup 10 ones as 1 ten.

Instruction: Add. Show your regrouping.

- $27 + 15 =$ _____
- $38 + 24 =$ _____
- $46 + 17 =$ _____
- $29 + 36 =$ _____
- $57 + 18 =$ _____

❖ SUBTRACTION WITH REGROUPING

Explanation:

When the top number has fewer ones than the bottom number, regroup 1 ten as 10 ones.

Instruction: Subtract. Show your regrouping.

- $42 - 18 =$ _____
- $51 - 27 =$ _____
- $63 - 29 =$ _____
- $74 - 38 =$ _____
- $52 - 16 =$ _____
