Subject	My new friends

Dear Ying Ying,

I have made some friends in my new school. They enjoy playing hockey and they are always asking me to join them. You know I do not play outdoor games. Although I refused to join them, they kept encouraging me to try the game. At first, I was afraid but in the end I agreed to give it a try. Now, I enjoy playing hockey and I play the game every week.

I am really happy to have such good friends. Hope to hear from you soon. Goodbye.

Your friend,
Siti
