

Michael Jackson Biography

Michael Jackson was born on August 29, 1958, in Gary, Indiana, USA. He began his music career at a young age as a member of The Jackson 5, a group formed with his brothers. His extraordinary singing and dancing talents quickly made him the standout performer in the group.

In the 1980s, Jackson became one of the most famous entertainers in the world. His album *Thriller* became the best-selling album of all time and included hit songs such as “Billie Jean” and “Beat It.” He was also known for his unique dance moves, including the moonwalk, which amazed audiences worldwide.

Throughout his career, Michael Jackson won numerous awards and influenced many artists. He was often called the “King of Pop” because of his impact on music and popular culture. Jackson passed away on June 25, 2009, but his music continues to inspire people around the world.
