Exercise 3. Read the IELTS Speaking part 2 sample answer below. Write (S) for a simple sentence and (C) for a compound sentence.

Describe a time when you gave advice to someone

1. A great piece of advice can lead individuals to become a better version of themselves. I'd like to share a time when I gave a piece of advice to someone.

2. I'm a very health-conscious person and I want everyone in my circle to follow a healthy lifestyle. 3. So, now and then, I offer my advice to those with a bad lifestyle.

4. A couple of months ago, my colleague-cum-bosom friend, John, had a severe migraine and took a day off. 5. His health condition disturbed me, so I decided to meet him at his residence.

When I met him later that night, I was relieved to see him in a much better state. 6. We gossiped and talked about many things, and suddenly, out of nowhere, he took out a cigarette and began smoking. 7. I was disappointed for he had not changed his bad habit. 8. Immediately, I grabbed the cigarette and tossed it in the trash.

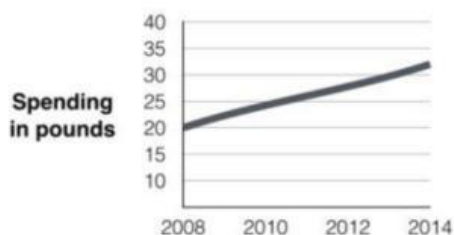

Although I was sorry for being rude, I couldn't let my friend's health deteriorate. So, as a responsible friend, I advised him to quit smoking. I apprised him of the consequences of smoking and the health risks involved, which would affect him and his family. 9. He paid attention to every detail and promised me to quit smoking at the earliest. He took my advice seriously, tried changing his habit, and eventually quit smoking.

10. Today, John is a non-smoker, and I feel extremely honoured to have played a key role in guiding him.

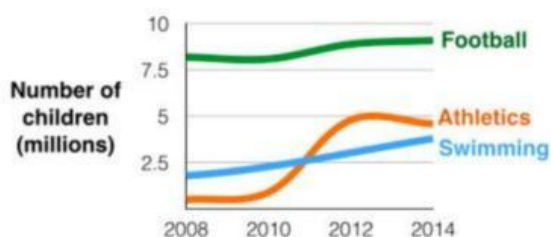

Exercise 4. Write sentences with the given words to complete the IELTS Writing task 1.

The first chart below gives information about the money spent by British parents on their children's sports between 2008 and 2014. The second chart shows the number of children who participated in three sports in Britain over the same time period.

Average monthly spend on children's sports

Participation in three different sports

The line graphs show the average monthly amount that parents in Britain spent on their children's sporting activities and the number of British children who took part in three different sports from 2008 to 2014.

It is clear that parents spent more money each year on their children's participation in sports over the six-year period. 1. (In terms of / number / children taking part in / , / football / significantly / popular / than / athletics / swimming.)

2. (2008 / British parents / spend / average / around £20 / month / their children's sporting activities)

3. (Parents' spending / children's sports / increase / gradually / the following six years / and / by 2014 / average monthly amount / rise / just over £30.)

Looking at participation numbers, in 2008 approximately 8 million British children played football, while only 2 million children were enrolled in swimming clubs and less than 1 million practiced athletics. 4. (The figures / football participation / remain / relatively stable / the following six years.)

5. (By contrast / participants / swimming / almost double / 4 million children / , / and / there / a nearly fivefold increase / number / children doing athletics.)
