HOTSPOT

-

You have a Microsoft 365 E5 subscription that contains 500 Windows devices enrolled in Microsoft Intune.
You deploy Microsoft Defender for Endpoint.

You need to onboard the devices to Defender for Endpoint. The solution must minimize administrative effort.
What should you do? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

From the Microsoft Defender portal, configure the **[answer choice]** Endpoint settings:

▼

Advanced features
Device groups
Intune Permissions
Onboarding

From the Microsoft Intune admin center, create:

▼

A compliance policy
A configuration profile
An endpoint detection and response (EDR) policy
A security baseline profile

Users have iOS devices that use Microsoft Outlook.

You need to configure Outlook. The solution must meet the following requirements:

- Restrict copy and paste actions from Outlook other apps.

- Enable S/MIME for Outlook.

Which type of policy should you configure for each requirement? To answer, select the appropriate options in the answer area

NOTE: Each correct selection is worth one point.

Answer Area

Restrict copy and paste:

	▼
App configuration policy	
App protection policy	
Compliance policy	

Enable S/MIME:

	▼
App configuration policy	
App protection policy	
Compliance policy	

HOTSPOT

You have a Microsoft 365 E5 subscription that contains the devices shown in the following table.

Name	Platform	Member of
Device1	Windows 11	Group1
Device2	Android	Group1
Device3	iOS	Group1, Group2

All the devices are enrolled in Microsoft Intune.

The devices have apps installed as shown in the following table.

Device	App
Device1	Microsoft Edge, Microsoft Teams
Device2	Microsoft Edge, Microsoft OneDrive
Device3	Microsoft Edge

In Intune, you create an app configuration policy named Policy1 that has the following settings:

- Device enrollment type: Managed apps

- Target policy to: All Microsoft Apps

- Assignments

- oIncluded groups: Group1

- oExcluded groups: Group2

For each of the following statements, select Yes if the statement is true. Otherwise, select No.

NOTE: Each correct selection is worth one point.

Answer Area

Statements	Yes	No
Policy1 will apply to Teams on Device1.	☐	☐
Policy1 will apply to OneDrive on Device2.	☐	☐
Policy1 will apply to Microsoft Edge on Device3.	☐	☐

HOTSPOT

-

You have a Microsoft 365 E5 subscription.

You have 500 Windows devices that are NOT onboarded.

You need to connect Microsoft Intune with Microsoft Defender for Endpoint and onboard the devices. The solution must minimize administrative effort.

What should you do? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point

Answer Area

Enable the connection by using:

▼

Microsoft Entra Connect
The Microsoft 365 admin center
The Microsoft Defender portal
The Microsoft Intune admin center

Onboard the devices by using:

▼

Microsoft Entra Connect
The Microsoft 365 admin center
The Microsoft Defender portal
The Microsoft Intune admin center

Question: 402**HOTSPOT**

You have a Microsoft Entra tenant that contains the groups shown in the following table.

Name	Members
Group1	User1
Group2	User2

Microsoft Intune is configured with the enrollment restrictions shown in the following table.

Name	MDM	Personally owned devices	Minimum version	Included groups	Priority
Restriction1	Allow	Block	None	Group1	1
Restriction2	Allow	Allow	10.0.22000	Group1 Group2	1

You purchase the devices shown in the following table.

Name	Operating system
Device1	Windows 11
Device2	Windows 10
Device3	Windows 11

For each of the following statements, select Yes if the statement is true. Otherwise, select No.

Statements	Yes	No
User2 can enroll Device1 by using the Company Portal app.	☐	☐
User1 can enroll Device2 by using automatic enrollment.	☐	☐
User1 can enroll Device3 by using the Company Portal app.	☐	☐

Question: 403

Note: This section contains one or more sets of questions with the same scenario and problem. Each question presents a unique solution to the problem. You must determine whether the solution meets the stated goals. More than one solution in the set might solve the problem. It is also possible that none of the solutions in the set solve the problem.

After you answer a question in this section, you will NOT be able to return. As a result, these questions do not appear on the Review Screen.

You have a Microsoft Entra tenant named contoso.com.

You purchase an Android device named Device1.

You need to register Device1 in contoso.com.

Solution: You use Microsoft Entra Connect Sync.

Does this meet the goal?

A. Yes

B. No

Question: 406

HOTSPOT

-
You have a Microsoft 365 subscription that uses Microsoft Intune and contains a Microsoft Tunnel for Mobile Application.

You have the devices shown in the following table.

Name	Operating system
Device1	Android
Device2	iOS

You need to ensure that you can use Tunnel for MAM on each device. The solution must minimize the number of apps required on each device.

Which apps should you install on each device? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

Device1:

	▼
Intune Company Portal only	
Microsoft Defender only	
Microsoft Defender and Intune Company Portal	
No additional apps	

Device2:

	▼
Intune Company Portal only	
Microsoft Defender only	
Microsoft Defender and Intune Company Portal	
No additional apps
