HOW TO MANAGE YOUR TIME

Balance is key for Mary, a busy teenager. She uses an app to stay organized with her assignments and deadlines; the app helps her receive reminders to ensure she doesn't forget anything. Mary also makes a daily to-do list to help her stay focused and motivated. She's mindful of not spending too much time on online social media, limiting her usage to an hour each day to avoid wasting her time. On weekends, Mary enjoys relaxing and socializing with friends, going to the cinema, shopping, or just hanging out. She also does some volunteer work at a local charity, which provides valuable academic experience and looks great on her CV.

James, an adult working a nine-to-five job, is also aware of the importance of time management. He starts his day by making a to-do list, prioritizing the most urgent or difficult tasks first when he has the most energy. To avoid distractions, James turns off email and social media notifications on his phone and closes his office door, allowing him to concentrate. On the day when he must work overtime, he quickly rearranges his tasks and makes sure everything gets completed on time. When at home, James spends his quality time with his family, playing games or going to the park with his two young children. James and his wife share the housework, taking turns cooking and cleaning, ensuring a great work-life balance. In his free time, James keeps fit by playing football with friends and going to the gym, which helps him relax and clear his mind.
