

The image displays a periodic table of elements, color-coded by groups. At the top center is a school crest featuring a blue shield with a white cross, a yellow star, and a white sailboat on a blue base. The periodic table is organized into rows and columns, with elements numbered 1 through 118. The colors used are orange, red, yellow, pink, green, and brown. Some cells contain ranges of element numbers, such as '57-71' and '89-103'.

[illegible]

Lantánidos
