Snowboarding in Italy

By Liam

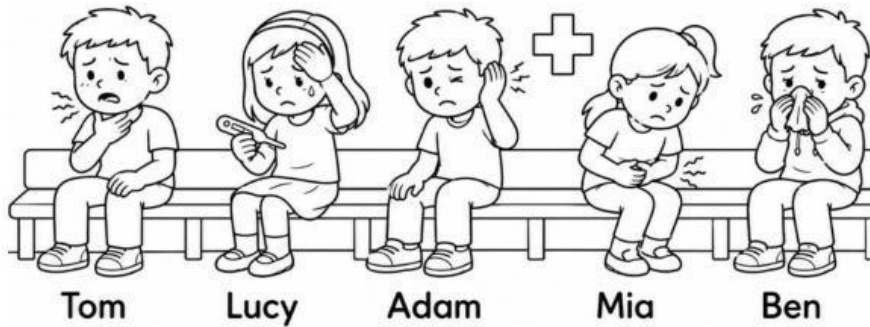

There are many beautiful mountains in Italy. In January and February, there's a lot of snow, and people go to the mountains to do outdoor activities. Every year, my parents go skiing, and my friends go snowboarding.

Have you ever been snowboarding? I think it's really cool! You only need a special board and warm clothes. I learned how to snowboard when I was young. It's not easy at first, but it's fun. You stand on your board and go down a mountain at a fast speed. Sometimes you can jump very high, too. But you should be careful, or you might fall.
