

IELTS Writing Task 2 ____ Money / Finance

1. Some people believe that money is the most important factor in achieving happiness. Others believe that money has little to do with happiness. Discuss both views and give your own opinion.
2. Some people think that children should be taught how to manage money at school. To what extent do you agree or disagree?
3. Many people believe that having a high salary is more important than having job satisfaction. To what extent do you agree or disagree?
4. Some people believe that wealthy people should pay higher taxes than people with lower incomes. To what extent do you agree or disagree?
5. People are spending more money on experiences, such as travelling and entertainment, rather than on material possessions. Is this a positive or negative development?
6. Some people believe that governments should provide financial support to people who are unable to find work. Others believe that this may discourage people from looking for jobs. Discuss both views and give your own opinion.
7. In many countries, people are encouraged to spend money rather than save it. Why is this happening? Is this a positive or negative development?
