Subject: Hello from Space Camp!

Hey, Max!

I'm having an amazing time at space camp! I'm staying in a tent with three other boys. Our tent isn't as big as my bedroom, but we're very happy!

Every day, we learn about space, work on projects, and we play sports. But the classes aren't as hard as they are at school! The food here is OK. It's as good as it is at school.

Yesterday, we used a big telescope to look at the stars. They looked a lot nearer than they actually are! And we saw a comet! It was awesome!

I'm going to come home in a week. See you soon!

From,

Ben
