

1. Read the clues and write the correct animal

Which animal has long ears and large front teeth?. It moves by jumping on its long back legs.

Which large wild of the cat family has yellow-brown fur and a mane?

Which is one of the most intelligent animals that has large, smooth and grey pointed mouth?

Which bird has curved beak, colorful feather and can copy human voice?

Which large, strong mammal that has a thick fur? It eats plants, insects, fish and animals.

Which sea mammal that breathes air through a hole at the top of its head?

Which black and white bird that cannot fly but it can swim?

Which small animal like a mouse with wings that flies at night?

2. Read the text below and complete the table

My favorite animals are chimpanzees. Chimpanzees are brown. They've got long arms and short legs. They live in the forests in Africa. They eat plants, fruits and meat. At night, they sleep in trees. They do not run fast. They walk or climb tree and swing from tree to tree. Chimpanzees live for about 35 years. I like chimpanzees because they're clever.

My animals are tigers. They've got big teeth, yellow and black fur. They live in favorite jungle in South Asia. They do not eat plants or fruits, they eat meat. They sleep during the day and hunt at night. They run very fast, tiger live for about 20 years. I like tiger because they're strong and beautiful.

Animals

Chimpanzees

Tiger

Color:

(1) _____
