G Reading: Reading comprehension

Read the texts about where different people live. Match the statements to each text. Three statements do not match any of the texts.

My home

¹ —

I moved here when I got my new job because there was a bus stop just outside the flat. Now the route has changed, and I have to get the train instead, which takes much longer. The walk to the station is pretty, but I have to get up earlier now, which I'm not happy about. Maybe I'll have to start driving.

² —

I can see the gardens of the houses opposite me from my window. They're quite small, but they look really good with all the flowers. In the future, I hope to have my own garden, but I'm happy without one for now because I don't have time to look after it.

³ —

I didn't mind paying more to get this place. It was the big windows that made me choose it. Even when it's not sunny, I don't need to turn the lights on during the day. I keep them closed in the week though because the road's really busy with cars taking people to and from work, but it's quieter at the weekend.

⁴ —

This house is perfect when I'm here on my own. But I love inviting my neighbours round and inviting friends to stay, and that's impossible because there's not enough room for people to sit. In the summer it's not so bad because we can go into the garden, which is a better size, but I really need an extra bedroom for them to sleep in.

⁵ —

I've painted the whole house, and now it looks a lot bigger. The man next door moved the furniture away from the walls for me, so I could finish quickly. His wife even let me borrow her car to go and get the paint. I gave them some vegetables from my garden to say thank you. I painted the front door yellow – I think that was a bad decision now!

⁶ —

Living in a city's great, and I save a lot of money on transport because I walk to work and to the shops, or I catch a bus from near the house. I enjoy going on trips to the countryside though, and that's when I need a car, but I haven't found a place near the house to leave one when I'm not using it.

- A I need more room.
- B My neighbours are helpful.
- C The traffic noise doesn't bother me.
- D It takes ages to get to work.
- E It's so bright.
- F It's too expensive.
- G I love the view.
- H There's nowhere to park.
- I I'd love a bigger garden.
