Intracative Worksheet 4.1: Week 21/ Self-Learning Program

Exercise 1

Sweet water is made by adding sugar to water. If we want to make cold lemonade, we add ice and lemon juice to sweet water.

Write (M) for mixtures and write (S) for substance:

- () Sweet water () sugar () water
() lemon juice () ice () lemonade

Exercise 2

Classify the following into: one substance or mixtures by drag and drop:

Sweet water	Salad	Sugar	oil in water
Sand	Iron	soft drink	Salt

One substance	Mixture

Exercise 3

1- Consider the two groups: in each group we have an intruder.

Cross the intruder and write a suitable name of each group.
