A Wonderful School Trip

My name is Tony. I'm ten years old and I'm in Class 5B. My school is in a small town. I like Science because I enjoy learning about animals and plants.

Last Friday, our class went to a science museum by bus. We saw dinosaur skeletons, pictures of planets and many interesting things. Our teacher told us about the animals that lived a long time ago.

My best friend, Alex, took photos of the dinosaurs. I wrote some notes about the planets because I want to make a school project.

Next Monday, our teacher will ask us to share what we learnt. I will use my notes, and Alex will show his photos. We are very excited!
