

## BIO ACTIVITY

### Pencatatan Data

Tuliskan hasil pengukuran secara teliti. Jangan mengubah atau menghilangkan data yang diperoleh.

**Tabel 3.** Data Hasil Pengamatan Fitoremediasi Limbah Domestik (Detergen) Menggunakan Tumbuhan.....

| Perlakuan        | pH |   |   | Kekeruhan |   |   | Intensitas Bau |   |   |
|------------------|----|---|---|-----------|---|---|----------------|---|---|
|                  | 1  | 2 | 3 | 1         | 2 | 3 | 1              | 2 | 3 |
| <b>Hari ke-5</b> |    |   |   |           |   |   |                |   |   |
| FO               |    |   |   |           |   |   |                |   |   |
| FA               |    |   |   |           |   |   |                |   |   |
| FB               |    |   |   |           |   |   |                |   |   |
| <b>Hari ke-6</b> |    |   |   |           |   |   |                |   |   |
| FO               |    |   |   |           |   |   |                |   |   |
| FA               |    |   |   |           |   |   |                |   |   |
| FB               |    |   |   |           |   |   |                |   |   |
| <b>Hari ke-7</b> |    |   |   |           |   |   |                |   |   |
| FO               |    |   |   |           |   |   |                |   |   |
| FA               |    |   |   |           |   |   |                |   |   |
| FB               |    |   |   |           |   |   |                |   |   |

Keterangan:

- FO = kontrol (tanpa tumbuhan)
- FA = 300 gram kayu apu (*Pistia stratiotes*)
- FB = 300 gram kangkung (*Ipomoea aquatica*)
- 1, 2, 3 = pengulangan percobaan

Skala Kekeruhan:

- + = jernih
- ++ = keruh
- +++ = sangat keruh

Skala Bau:

- + = tidak berbau
- ++ = sedikit berbau
- +++ = berbau
