

New York City

The city that never sleeps!

NYC

Reading

Last summer, I went to New York City with my family. It was my first time in the USA and I was really excited. We stayed in a hotel in Manhattan, not far from Times Square. The city is huge! There are so many tall buildings, busy streets and bright lights. It felt like the city never sleeps.

On the first day, we visited the Statue of Liberty. We took a ferry and saw the statue up close. It was amazing! I had never seen anything so big and impressive. We also walked around Battery Park and took a lot of photos.

The next day, we went to Central Park. It is a beautiful park in the middle of the city. We walked along the paths, saw the lake and even saw some squirrels! I loved the green trees and the fresh air. It was a nice break from the busy streets.

In the evening, we went to Times Square. There were so many people, colourful signs and street performers. I also tried a famous New York pizza. It was delicious!

New York is an incredible city. There is always something to see and do. I hope I can go back one day!

A Choose the correct answer.
