05 READING A

Read the text. Then answer the questions in English.

My favourite animal is the red panda. Red pandas are small mammals. They are red-brown and white. They have got a long tail, four short legs and small ears. They can climb trees very well, but they can't fly. Red pandas live in Asia and they eat bamboo, fruit and insects. I like red pandas because they are cute and very agile.

1. What colour are red pandas? _____
2. Are red pandas big animals? _____
3. What have they got? _____
4. Can red pandas climb trees? _____
5. Where do red pandas live? _____
6. What do red pandas eat? _____
7. Why does the writer like red pandas? _____

06 READING B

Read the information about two animals. Then answer the questions.

Animal 1: The elephant

Elephants are very big mammals. They are grey and they have got a long trunk, big ears and four strong legs. They live in Africa and Asia. Elephants can walk long distances and they can swim, but they can't jump.

Animal 2: The penguin

Penguins are black and white birds. They have got two wings, two short legs and a small beak. They live in very cold places. Penguins can swim very well, but they can't fly.

1. Which animal has got a trunk? _____
