### PART V. READING COMPREHENSION 1

Read the passage and choose the correct answers.

Teenagers in my village have incredibly interesting ways to spend their leisure time. Because we live in a rural area, we do not have large leisure centres or modern cinemas. Instead, young people here are very fond of outdoor activities and traditional games. Every afternoon, after finishing their homework, kids gather in the wide fields to fly kites or play football. Sometimes, they organise a friendly contest to see whose kite can fly the highest. These activities not only provide them with great relaxation but also strengthen their muscles effectively.

On rainy days when going outdoors is impossible, teenagers usually stay at home and enjoy indoor hobbies. Many girls are interested in knitting warm sweaters or making beautiful doll clothes for their younger sisters. Meanwhile, boys might spend hours reading comic books or trying to solve difficult wooden puzzles. Recently, some teenagers have started using the internet to watch comedies or learn new food recipes. However, they still prefer direct conversation with friends over chatting online.
