

Employee Manual

Section 2.1 Tools Needed

All employees of Talbot Electrical Services will bring their own **tool kits**. Tool kits need to contain the basic tools needed for electrical jobs. These basic tools are sold at most hardware stores.

Pliers are needed for pulling and cutting wires. Your kit needs to include **long nose pliers** and **end cutting pliers**. **Side cutters** and **diagonal cutters** are recommended.

You must have **wire strippers** in your kit. Make sure they are able to strip the most common wires. You will also need several types of **screwdrivers** on the job.

A **flashlight**, **measuring tape** and **utility knife** will find out tool kit.
