

# Perímetro y Áreas

Obtén el perímetro de las siguientes figuras

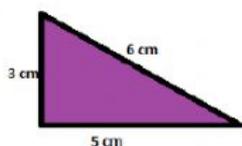

$$P = \square + \square = \square$$

$$P = \square$$

$$\square + \square = \square$$

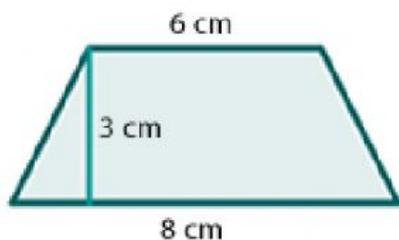

$$\square$$

$$P = \square + \square + \square =$$

$$P = \square$$

Consigue el área de las siguientes figuras

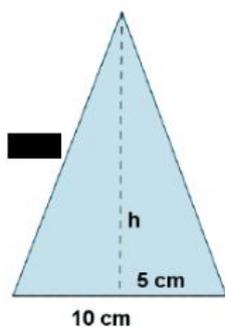

$$A = \frac{B+b \times h}{2} = \square + \square = \square$$

$$2 \overline{\square \square}$$

$$A = \square$$

$$\square$$

$$\square$$

$$A = \frac{b \times h}{2} = \square$$

$$2 \overline{\square \square}$$

$$A = \square$$

$$\square$$

$$\square$$
