Read the email below and answer the questions.

Hi Lucy,

My name's Emily. I'm seventeen years old. How old are you?

My home town is Bristol, in England. But I'm not English – I'm American. My parents are from California. I've got lots of cousins in the USA. Where are you from?

This is a photo of me. I've got brown hair and blue eyes. I've got a brother – his name is Jake, and he's got blue eyes too – but I haven't got a sister. And we have a cat called Charlie. He's a year old and very friendly.

Have you got any brothers and sisters?
