

Ejercicios

$$p + 10 = 43$$

$$p = \square \square \square$$

$$p = \square$$

$$q + 7 = 39$$

$$q = \square \square \square$$

$$q = \square$$

$$r - 5 = 40$$

$$r = \square \square \square$$

$$r = \square$$

$$s - 14 = 63$$

$$s = \square \square \square$$

$$s = \square$$
