

My Summer Camp

Hi! My name is Alex and I want to tell you about my summer camp. I am here with my best friend Dima. We live in a big wooden house near a beautiful lake. Every morning we get up at 8 o'clock and do morning exercises. Then we have breakfast and go to the lake. We swim, play volleyball and build sandcastles on the beach.

In the afternoon we have different activities. On Monday we went to the forest and collected berries and mushrooms. On Tuesday we had a sports competition and our team won! Yesterday was the best day — we had a big campfire, sang songs and told funny stories.

The weather is great — sunny and hot. The food is tasty, especially pancakes with jam for breakfast. I have made three new friends here. Their names are Masha, Kolya and Petya. We always spend time together. I love my camp and I don't want to go home!

Exercise 1: Read the statements. Mark: True, False or Not Stated.

- Alex is at the summer camp with his sister.
- The camp is near a beautiful lake.
- The children get up at 7 o'clock every morning.
- On Monday they went to the forest.
- Their team lost the sports competition.
- Alex has made four new friends at the camp.
