

Valentine's Day

Reading Comprehension

Read the following text and answer the questions below.

Valentine's Day is a special day when people show love and appreciation to those they care about. It is celebrated on February 14th every year. People often exchange cards, candies, and small gifts to express their feelings. On Valentine's Day, you might see lots of hearts, flowers, and the color red. These symbols represent love and friendship. Many people give and receive Valentine's Day cards with sweet messages. Some even make handmade cards to make them extra special. One fun tradition on Valentine's Day is giving and receiving valentines. These are small cards with cute pictures and kind words. Sometimes, they come with little treats like heart-shaped candies or stickers. Families and friends also celebrate Valentine's Day by spending time together. Some people have special meals or share delicious treats like cookies and cupcakes. It's a day to express love.
