A Road Trip in Europe

I'm Sofia and last month I traveled to Europe for four weeks. I went with my brother, Tomas. It was our first time traveling without our parents. We rented a car and visited three countries: Italy, Switzerland, and France.

First, we arrived in Italy and visited Rome. I loved the city, but we walked a lot and got very tired.

Then, we traveled to Switzerland. We stayed in a small town in the Alps for three days. We painted some pictures of the mountains and relaxed near a beautiful lake. It snowed one day, so we stayed inside and watched movies.

Finally, we visited Paris in France. We saw the Eiffel Tower and bought some souvenirs for our family. Tomas hated the traffic in the city, but the food was fantastic. After 30 days, we packed our bags and went back home. We were tired, but it was an amazing trip!
