READING SKILL

Objective: To read the passage and identify true or false statements based on the text.

Read the text

Good times

"When I was a child, I used to play hide and seek with my brother and sister. It was my favorite game. But when I was alone, I used to play with my favorite doll: Sebastiana. It was my father's present when I was eight. I remember when I used to fight with my sister for her. Sometimes my mom used to read me some tales before going to sleep. Those years were the most precious moments I've ever had".

For Steve, his childhood was wonderful too. "My father always had his vacation in summer so he took us to the beach. We used to play with the sand, and we made sand castles. It was wonderful. I remember that my father taught me how to swim. When I learned it I used to go to the pool with my friends. We participated in a swimming championship. I won the first prize. I was ten. My childhood was the best time for me".

Kate's childhood was great, too. She told us that when she was six, she used to jump the rope and collect scrapbooks too. She remembers that she had a little pet: "Rambo". It was a turtle. She used to play with it when she returned home from school.

Now they miss all the days but when they have time they tell their children what they used to do in their childhood.
