ID-ARH-4 / WEEK 10

Identify specific information and make basic inferences from simple letters, brochure and short articles, manuals, policies and others related to work topics.

Match the texts from column A with the inference from column B. Draw a line to join the text from column A with the inference from column B.

Column A		Column B
The client said the design looked like Picasso´s paint		I guess she might have another meeting
She is very nervous for today´s meeting because a storm is arriving there		I think he received good news about the company
Michelle said that she was not going to attend the meeting		The client is trying to say that the design was amazing
Mr. Smith, the manager, feels really happy after reading the email reply		I guess he asked for permission to go to a doctor's appointment
The photographer didn't come to work today and he didn´t tell anyone he was going to miss.		The meeting is going to be tough because of a visitor, hard situation, or dilemma.
