Composer/Work	Description of music
	The first movement is calm and elegant, with a simple, singing melody. The famous last movement sounds playful and rhythmic, like a march. The music is light, happy, and full of humour.
	This sonata is often called "for beginners" because it sounds simple and clear. The melody is graceful and balanced. It is calm, polite music, like a pleasant conversation.
	This piece is dark and dramatic. It starts with heavy, loud chords that sound like bells or a warning. The music is serious and powerful and creates a feeling of tension and mystery.
	This piece is unusual for this pianist — it sounds dark, sad, and a little mysterious. It starts slowly and dramatically, then becomes faster and more emotional.
	The first movement is slow, quiet, and dreamy, like moonlight on water. It sounds sad and mysterious. The last movement is completely different — fast, angry, and stormy.
	This short piece is gentle and romantic. The melody is simple and repeats softly, and it sounds a little sad and nostalgic. It is one of the most popular piano pieces in the world.
	This piece is very dramatic and heavy. The music sounds like a powerful storm, with loud chords and fast passages. It creates a feeling of danger and excitement.
